We, Seyed Yahya Shirazi and Helen J. Huang, the copyright holders of the paper entitled *Differential theta-band signatures of the anterior cingulate and motor cortices during seated locomotor perturbations* grant the permission to reprint this paper in Seyed Yahya Shirazi's dissertation entitled *Corticomuscular adaptation to mechanical perturbations in a seated locomotor task*.

This permission extends to any future revisions and editions of Mr. Shirazi's dissertation, including non-exclusive world rights in all languages. These rights will in no way restrict republication of the material in any other form by the copyright holders.

Paper's full citation:
